

# Ferto-LAC 3 broodmare cubes

## PRODUCT DESCRIPTION

Gestating and lactating mares need not only nutrients for their own body, but also for the growing and developing foal. Ferto-LAC 3 special broodmare cubes are especially developed to support both mare and foal.

Ferto-LAC 3 is a unique and proven formula with high quality proteins, essential vitamins and minerals to meet the specific nutrient requirements of mares during last trimester of pregnancy and lactation.

- With Multi-Calcium-Complex, extra copper and additional amino acids to aid in proper bone growth and promote a balanced development of the foal
- Increased energy and protein-level to support an optimal milk production
- Only high quality ingredients used to make a tasty pellet (7 mm)
- Excellent value for money
